

INVENTIONS.

416

Sooner or later there won't be anything left worth inventing,
 and this looks as ~~though~~^y it's going to be sooner. This device
 is to prevent you from falling when you get into the bath.
 Lowering ~~yourself~~^{herself} gently down on the shovel, ~~you~~^{she} can wash ~~your~~ her
 bathing costume in comfort. This is not a machine for making
 a male permanent wave. It is a ~~psych~~ psychograph, analysing the
 character by the bumps on the head. It tells you all about
 yourself. Shin guards for playing bridge with your husband.
 And while the breakfast cocktails mix themselves, here's a
 gadget for holding up the newspaper father reads at breakfast.
 With the ^{political} situation what it is at the moment, you want another
 gadget to hold up father.
