

WATERLOO CUP.

431

A procession of odd-looking vehicles on the Long Mile at Altcar means that the Blue Riband of the coursing world is on. It's greyhound racing with a live hare --- that is to say, the hare is alive at the start. Beating Rotten Row in the final, this year's winner was Perambulate.

FLOATS AT TAMPA.

Florida --- the annual fete of Gasparilla at Tampa, is an excuse for a parade of decorated floats through the ~~town~~ town. Thousands of people line the streets in the sunshine, waiting for this procession of beauty. Think of that next time you line the street in the rain waiting for a tram.

NIAGARA ICE JAM.

Niagara --- while the ice piles up behind the fallen Honeymoon Bridge there is more havoc along the river banks. The Power House containing the Plant worked by the Falls was wrecked --- damage a million dollars. Steamboat pier, river front and riverside houses, were all laid low by the ~~colossal~~ colossal pressure of that weight of ice.

CHICAGO AVIATION SHOW.

Chicago --- the Aviation Show stands witness to the progress ~~in~~ Uncle Sam is making in the air. <sup>He's doing all right</sup> Naturally the fighting plane is there, <sup>also a new note in retractable wheels.</sup> then there is the aerial explorer --- transparent for aerial photography. ~~The Wright Brothers' engine was also on show. They~~ ~~all laughed at Wilbur and his brother --- but this fellow is crazy.~~

In fact there's every kind of plane you could think of & one you couldn't.
