

AIR RAID PRECAUTIONS.

Caxton Hall Westminster has the first air raid shelters ~~can~~ constructed to the requirements of a London local authority. Their purpose is to demonstrate to occupiers of premises, ~~the~~ ~~type~~, the type of shelter available for protection against bombs and gas. ~~We hope they'll never be used - but it's good to have them.~~ ~~Councillor H.S.E. Vanderpent,~~ the Mayor of Westminster, opened the shelter --- and he came out of the frying-pan into the fire, ~~so to speak.~~ ~~It was raining.~~ *But his companion in the rain is film star Margaret Lockwood.*

The Guards also demonstrated at Wellington Barracks. As usual, Tommy is in his element when putting on a show and this was as realistic as war itself. Now a bomb drops on the guard-room. ~~Wait for it!~~ ~~Poisoned!~~  
ROLLER-SKATING DERBY.

A roller-skating marathon --- girls and boys all mixed up in a free-for-all. Round the little circle the little wheelers go --- no wonder they get dizzy! ~~Mind the step!~~ Nobody knows who won and nobody seems to care. All the spectators go for, is to wait for the man in front to fall down.

That was accidental. Here's a man who falls down for a living --- Lucky Teter demonstrating how to spoil a car and get away with it. Watch the famous imitation of a week-end driver.
