WHALE.

San Francisco --- at the Golden Gate a whale sixty feet long and weighing 100 tons got into a tussle with a tanker and was washed ashore dead. <sup>THE whale's mate still haunts the shipping lanes grieving for his lost one.</sup> The wrecked ship also to be seen in the picture was

not the whale's adversary, but another which ~~also~~ fell victim to the

~~storm.~~ <sup>storm.</sup> ~~The whale's mate still haunts the shipping lanes grieving for his lost one, so there's still a menace to the shipping off~~
