

## AUTOGYRO.

France --- a demonstration of Red Cross work carried out by autogyro. In certain places where it is impossible for a plane to land, ~~this will enable food and~~ <sup>it will drop</sup> medical supplies, ~~to be dropped~~ <sup>the doctor can</sup> without difficulty. In case of extreme emergency ~~it is possible for the doctor to~~ <sup>drop in himself, and</sup> ~~he~~ <sup>can</sup> fill in his ~~own~~ <sup>own</sup> spare time patching up his ~~own~~ bruises.

## BILLIARDS.

New York --- a slight demonstration for the home billiard player whose only trick is to ~~pot~~ the white, step on the dog and trip over the ~~fire~~ fireplace.

## HARROW FOUNDERS' DAY.

Harrow --- the famous school has re-assembled for the spring term, and here are the famous straw hats which seem to be following the fashion and getting flatter. Here they are to answer the roll call. For this is "Founders' Day" --- picturesque in the tradition of our great public schools. The straw hat is not the only distinctive wear favoured by the Harrovian --- in the field of sport there is also a wide range of choice.
