IRELAND BEAT WALES AT BELFAST.

Wales

Ireland

~~4~~ Belfast again figured in the news when Ireland met Wales in their last international of the season at Windsor Park. Our cameraman took these exclusive pictures of the teams ~~Wales coming first.~~ The players found a light ball difficult to control in the high wind. Ireland relied mainly on sudden raids, but found the Welsh defence sound., and at half-time there was no score 1 in the second half Ireland pressed, and just when a draw seemed certain, Sambrick from a splendid centre breasted the ball into the net, and the match went to Ireland, who won by 1-0.
