

FASHIONS AND JEWELLERY.

446

The Voice of Spring says velvet --- and it also says a lot of other things which all mean new, frocks, new hats, new bills to pay. But it's in the Easter tradition that you must have ~~an~~ something new --- so here's a hint for husbands. Go out and get something new, even if it's a new wife. ^

And here's a new line in jewellery --- only imitation, but as pretty as the real thing. This is a modern brooch --- a phoney seal --- and hats these days have pins of imitation gold. It's ~~is~~ beautiful but artificial --- a present to ~~buy for a~~ ~~girl with a~~ ~~girl~~ with false ideals.

~~like a~~ ~~girl~~ with false ideals
like a girl with false ideals
