

MR HORE BELISHA.

Arriving at Hendon for a flight abroad --- Britain's War Minister. Mr Hore Belisha had his usual smile of greeting for the officers of the Royal Air Force who were entrusted with the flight, and altogether he seemed to be in jovial mood as he took off. It is well that the War Minister is in high spirits, for after a flying visit to Malta he will call on Signor Mussolini in Rome, with a message of good will.
