

RODEO.

537

It's about time we had another rodeo, for that's news with a kick in it. This is New South Wales ^{an unpronounceable} --- a township ~~is~~ ^{unpronounceable} ~~unpronounceable~~ with a lot of steers ~~that are unpronounceable~~.

Now ~~some~~ broncho-busting! This is how it's done at high-speed. And this is how it's done at slow speed. ^{mind your nose!} ~~in~~ ⁱⁿ the slow motion camera shows every muscle movement in the fight of horse and man for mastery. ^{his} cowboy is no ordinary bushman --- he must be stuck to that bronk. Thank you for my nice ride --- please may I get down?
