BAYSWATER SCRAMBLE.

-----  
The big race of the Bayswater motor cycle club meeting was held at Bagshot Heath. It's called the ~~Scramble~~ Scramble- and that's what it is- It's a combination of rough-riding, endurance test and hill climb. The first race consists of five laps for machines of 250-350 c.c. The hill gives a bit of a gruelling to the competitors, but most of them can take it and rise to the occasion, and rise is the word. The second race is eight laps unlimited and there's no limit to what these fellows can do. It's the best thing in the world for a sluggish liver for it shakes you up and then shakes you down again. Lap after lap these dirt-trackers cover, while the crowds look on in breathless bewilderment at the display. It's a hot job, and it's a rough job, but it's a day in the open and that's the chief thing.
