Shah of Persia-

Rome-- where the Shah of Persia and Queen Soraya arrived, after their journey by air from Baghdad, following the attempt to usurp power by Dr Moussadeq- the Prime Minister, WHO WAS LATER OVERTHROWN. Later, the overthrow and arrest of Dr Moussadeq by supporters of the Shah, led to his making immediate arrangements to return to his country.

Prime Minister-

warm
London-- and a/welcome in Downing Street for Sir Winston Churchill, looking much better after a rest from public affairs, on the advice of his doctors.

The Prime Minister took the Chair at a Cabinet Meeting, for the first time since late in June- and then returned to his home in Kent- for a further period of convalescence.
