

Autumn Fair at Utrecht-

Holland-- where many novelties at Utrecht's international Trade Fair included a COMBINED PRAM AND PUSH CHAIR

~~which is~~

While from Britain, an electric iron automatically ^{RENDS} itself ~~into~~ HARMLESS after toppling BACK ON A SAFETY plate-- a real boon for absent-minded housewives.

From Denmark comes this invalid chair- which by means of small electrically-controlled wheels, CAN EASILY NEGOTIATE STAIRS

~~on even the most~~

Archeological Discovery-

Italy-- where ~~archeologists~~ archeologists have discovered an ancient town called Feronia- about 25 miles from Rome.

All through the centuries, no trace of this new Pompeii could be found- but now- beautifully-preserved temples and statues have been unearthed. ^{THE TOWN} ~~is~~ is said to have been sacked by ~~Carthaginians~~

Carthaginians over 2000 years ago ~~by the Carthaginians~~ ~~of the ruins that the Carthaginians~~

French Ship-

Le Havre-- where barely $\frac{1}{2}$ an hour after sailing for Southampton and New York, the French liner "Liberte"- ~~with 2000 passengers on board~~ ran aground- in dense fog- on a mudbank.

~~though she was carrying 2000 passengers and continued her journey~~

Formerly ~~the~~ "Europa"- she caught fire when under construction by the Germans- and three years ago- went aground off Southampton. Now she sails, we hope, into a happier future.

Army Air Force Tests-

where

Arizona-- ~~and~~ in the midst of a record heat-wave, a G.I. "guinea-pig" is wired up - to test his reactions to high temperatures.

And, after a drink ordered by the doctor, he sets off on a 12 mile hike on a treadmill. ~~although~~ He's certainly learning ^{his} ~~the~~ job-

the hard way. ~~More~~ More exhaustive tests by Uncle Sam's Air Force- Dropped into a jet intake- a screw can do a lot of mischief- like

this. And for big planes- there are drop tests- to measure the exact amount of stress and strain. ~~They even drop humans in~~ ~~the tests~~ but it's the ~~fun~~ that bites the dust.

AND FREQUENT IMPROVEMENT TESTS ARE MADE WITH THE PILOT EJECTION SEAT
