~~after the ceremony,~~ A display was given by the Coventry Ladies Physical Culture Association.

*BUTLIN HOLIDAY CAMPERS*

The cost of the new playing field was subscribed by holiday-~~campers~~ <sup>out</sup> ~~at~~ *CAMPERS* through the country.

Boxing - Powell V Buxton.

Nottingham - where Dennis Powell of Wales ~~is making~~ *MAKES* heavy work of defending his British Light-Heavyweight Title against Alex Buxton - the Watford Middleweight.

Powell (who scaled ten pounds heavier than his challenger) went down in the Eighth round; but not for long. He was soon back in the struggle - though usually on the receiving end.

In the presence of his countryman, Tommy Farr, at the ringside, didn't seem to inspire the Champion. For, at last, Buxton was doing himself justice

in the title contest - and boxing like a master. ③

In the tenth - Powell's eye was so badly cut that the Referee stopped the fight. And after ten years of campaigning - <sup>Alex</sup> Buxton had won his first National title.
