

Eastbury

Hastings - where the final event of the Daily Express National Motor Rally - the Concours d'Elegance - found competitors giving their cars that final spit....and polish.

Among those who watched the event was the Mayor of Hastings - who had welcomed the Rally drivers to his town.

Each car competed in its own class - being judged by its year of origin and ~~its~~ basic cost...

Among the entries was the two-cylinder "German Champion" of 398.c.c. - the car that had to ~~go~~ ^{go} up a hill in reverse ~~because~~ because of its low power - during the 1200 mile Rally around Britain. /.

Abbey Appeal--

London-- where the hoisting of a special flag on Westminster Abbey, proclaimed the opening of "Save the Abbey Week".

The Dean of Westminster- ~~Canon~~ ^{Dr} Don- led a procession round the Abbey to the great West Door, where they entered for a Service of Dedication.

And on the north-west corner of the Abbey was unfurled the flag of Canada ~~and of the Commonwealth Nations where collections were made for the Abbey fund.~~

While Lady Rosemary Muir- ~~was~~ ~~at~~ ~~the~~ ~~side~~ ~~of~~ ~~Westminster~~ ~~Abbey~~, and one of the queen's Maids of Honour at the ~~Coronation~~ ^{Coronation}, laid the first coin of the "Silver Mile Trail". /
