

Monte Carlo Rally

Monte Carlo ~~Rally~~ where after four days and three nights of driving, (during which they covered two thousand miles), the leading Rally drivers get away in the Speed Trial - around the Monaco Grand Prix Circuit...

Thirty-eight British cars were among the 100 starters - those with the least penalty-marks against them...

British cars have won the Rally for the past two years. <sup>BUT</sup> This time we had to be content with the team prize - won by Sunbeam-Talbots.

The winner was Louis Chiron of <sup>MONACO</sup> ~~France~~ - a veteran racing driver who <sup>now</sup> adds the Rally to a long list of racing successes.

Dutch Princess'

Holland - where at Soestdijk Palace, young beneficiaries of the Princess Margriet Fund (which provides for relatives of Dutch sailors who died in World War II) were guests at the Princess's eleventh birthday <sup>- PARTY.</sup> ~~celebrations~~. And here comes the cake - (made in ship form) - for the Princess is a god-child of Holland's Merchant Navy..

After blowing out the Candles - the youthful hostess got down to the serious job of cutting that cake.

Launch of Sub.

America - <sup>and</sup> ~~at~~ Connecticut, the first atomic-powered Submarine, awaits it launching - a ceremony ~~performed~~ performed by <sup>MRS EISENHOWER.</sup> ~~the wife of America's President~~ <sup>THE WIFE OF AMERICA'S PRESIDENT</sup>

Before a crowd of 15,000, ~~she~~ <sup>she</sup> names the ship "Nautilus" as she breaks the traditional bottle of champagne...

So a fifty million dollar experiment goes down to the sea - perhaps the forerunner of a new chapter in the history of sea power...
