At the White City, too, coveted titles were at stake in the A.A.A. Championships.

The Start of the Mile, with Roger Bannister No. 1 (now a qualified doctor) facing stern opposition in Irish Champion Vic Milligan and Bill Nankeville. The last lap, Bannister moving up, to launch an incredible final burst that ~~pushed~~ pushed his rivals ^{right} out of the picture.

The time for the lap was 53.8 seconds. Four laps like this and we'd be thinking of a three-and-a-half minute mile!

Highlight of the meeting came in the Three Miles. N. Maiyoro of Kenya (running in bare feet), set a cracking pace. Then Chris Chataway ^(No. 8) and Freddie Green ^(No. 12) took over, Chataway trying for a new record.

Then came a surprise when Green, the Birmingham ex-paratrooper, took the lead on the final bend - and stayed there - to win by inches.

Both men clocked 13 minutes 32.2 seconds - a new world record for Britain. The previous best ^{was} set up by Gunnar Haegg of Sweden, twelve years ago...

~~President~~ Freddy Green, ~~had~~ had won his first major ^{RACE} ~~victory~~ in world champion style, AND THE TROPHY WAS PRESENTED BY LORD BURGHLEY.
