Suez Canal-

Middle East--- With an Anglo-Egyptian agreement to withdraw British troops from the Suez Canal Base, a cause of international friction comes to an end.

The signing of the Pact by Mr Anthony Head-(Britain's War Minister) and Colonel Nasser- Egypt's Prime Minister- will, ^{we hope} ~~bring~~, bring a new basis of mutual understanding and ~~friendship~~ ^{friendship} ~~to the two countries.~~ ^{! cue.}

Plane Survivors-

~~Bankok~~ ^{Bangkok} Carrying eighteen passengers- including three children- this British Skymaster took off on a routine flight to Hong Kong- and was shot down by Chinese Communist fighter planes. ^{OUR PICTURES ALSO SHOW} survivors ^{LANDING} at Hong Kong. ^{TEN PASSENGERS} lost their lives.

Bunker blown up-

Holland-- For blowing up one of the largest bunkers built by the Germans last in the war, a channel is dug ^{SEA WATER INTO} ~~to the sea~~ in order to pump ~~the~~ ^{the massive steel & concrete} ~~structure~~ ^{would thus be} evenly divided. ~~The pressure~~ of the explosion ~~is~~ ^{evenly divided}. ~~The end of another symbol of~~ ~~an unwelcome occupation, are removed.~~

Duke of Edinburgh-

Canada-- Arriving at Ottawa by air for his tour of the Dominion, the Duke of Edinburgh was welcomed by Governor-General Vincent Massey and Prime Minister Louis St Laurent.

Later, a visit was paid to the most closely-guarded project in Canada, the atomic-energy plant at Chalk River, Ontario.

At the end of his visit, the Duke's shoes were checked for possible risk from radiation, but the test showed complete immunity. ~~factura.~~
