Suez Canal-

Middle East--- With an Anglo-Egyptian agreement to withdraw British troops from the Suez Canal Base, a cause of international friction comes to an end.

The signing of the Pact by Mr Anthony Head-(Britain's War Minister) and Colonel Nasser- Egypt's Prime Minister- will, ^{we hope} ~~bring~~, bring a new basis of mutual understanding and ~~firm friendship~~ ^{friendship} ~~to the two countries.~~ ^{CVE.}

Plane Survivors-

^{Bangkok.} ~~Bangkok~~-- Carrying eighteen passengers- including three children- this British Skymaster took off on a routine flight to Hong Kong- and was shot down by Chinese Communist fighter planes. ^{OUR PICTURES ALSO SHOW} ~~the~~ survivors ^{LANDING} ~~at~~ Hong Kong. ^{TEN PASSENGERS} ~~lost~~ their lives.

Bunker blown up-

Holland-- For blowing up one of the largest bunkers built by the Germans last in the war, a channel is dug ^{Sea water into} ~~to the sea~~ in order to pump ~~the~~ ^{the massive steel & concrete} ~~structure~~. The pressure ^{would thus be} ~~of~~ the explosion ~~is~~ evenly divided.

~~The end of another symbol of~~ ^{The end of another symbol of} ~~an unwelcome occupation, are removed.~~

Duke of Edinburgh-

Canada-- Arriving at Ottawa by air for his tour of the Dominion, the Duke of Edinburgh was welcomed by Governor-General Vincent Massey and Prime Minister Louis St Laurent.

Later, a visit was paid to the most closely-guarded project in Canada, the atomic-energy plant at Chalk River, Ontario.

At the end of his visit, the Duke's shoes were checked for possible risk from radiation, but the test showed complete immunity.
