Dog paratrooper

Austria: A tough test for "Lux" - the police dog, at Thalerhof airport, as he's fitted with a parachute to make his first descent.

And it seems that Lux is proud of his new mission, for he's joining an Alpine Rescue Squad as a search dog - and will be dropped at the scene of avalanche disasters.

About two thousand feet up, and without hesitation, "Lux" follows his master Patrol-Leader Lausecker - on the drop..

A happy landing and Lux trots up with his tail wagging...

All he wants now is ^{a paratrooper's} ~~that~~ "red beret" and an extra helping of German sausage..

Mine Detector

Germany: A demonstration of the newest mine detonator by ^{U.S. Armoured} ~~the~~ units during recent manoeuvres. Resembling a circular harrow in appearance,

it is operated from the front of the tank and sweeps a wide area with its rotating discs... ^{IT} ~~it~~ explodes the deadliest land-mines with ~~withing on a safe other than a tank's front~~ perfect safety..
