London: Lunch with Danny Kaye

8th June 1955

London: The Variety Club of Great Britain is dedicated to help sick and needy children. So it was fitting that, at one of their celebrated lunches Danny Kaye should receive a cheque for £150,000 - for presentation to the United Nations Children's Fund. /

Few people realise that Danny began, last year, a forty-thousand mile film-making tour, to study the conditions of children in backward areas. (3) And this was the theme of his luncheon address / SOUND.
