

Farnborough (continued)

ABOVE

~~Back to~~ Farnborough - ~~at~~ the 1955 Cavalcade of Aviation Progress.

In the field of civil flying, the Comet Three, is paving the way for x
the ^{GREATEST} ~~best~~ Comet of them all - the Mark Four..

A Scottish triumph, the Twin Pioneer - designed for use on small
runways...?

A service model - the Avro Vulcan - the world's first delta-wing four-
jet bomber.

From Canada comes the C.F. 100 - a two-seater, long-range, all-weather
fighter - in use for Arctic defence... (2)

The Gnat - a light-weight fighter. ~~is~~

The Herald - a transport aircraft that has just made its maiden flight.

Lastly, a tribute to the Hawker Hunter - already in service as the
mainstay of European defence...

ADD TO FARNBOROUGH -

AND AT THE END OF THE DAY'S SHOW - SIR
ANTHONY EDEN LEFT FARNBOROUGH IN A NEW
VULCAN DELTA-WING AIRCRAFT.
PLANE.
