

Hampshire: Our ^{AIR} ~~special~~ newspotlights the world's first delta-winged fighter squadron, ~~which has been~~ operating at Odiham, since February. (C)

They're Gloster "Javelins" and they're still on the secret list, ~~though~~

^{BUT} our cameraman's visit didn't stop the intensive flight trials ^{WITH THE} ~~that are~~ being carried out by the R.A.F.'s first all-weather fighter. ^{R.A.F.}

^{The Javelin is} Britain's biggest and most complex fighter, ^{twin-jet} later versions of the Javelin will carry guided missiles.

Over to Southend Airport - where the advantages and versatility of the Air Charter Transport Organisation are again demonstrated. The huge Bristol Freighter is being loaded with a Westland helicopter - bound for Greenland. (C) The helicopter is to be used for survey work by a Danish mining company, and the twelve hour journey by air (as against up to three weeks by sea) will enable it to be used during the two months of full daylight in Greenland.
