Sir Winston in Germany

Germany: Flying in to Dusseldorf Airport for a day at the races, Sir Winston Churchill was warmly greeted by Sir Frederick Hoyle, the British Ambassador, and representatives of the City.

Sir Winston had come to see his colt, "Le Pretendant," run in the ~~Grand~~ <sup>Grand</sup> Prix of North-Rhine-Westphalia, and received a great ovation from the German race crowds. There was only one disappointment, <sup>Sir Winston's colt</sup> ~~Le Pretendant~~, (with champion Doug. Smith as his jockey) finished tenth of ~~eleven~~ eleven runners.

Boxing

Toronto: The biggest crowd in Canadian boxing-history paid record gate money to see their own James J. Parker, (the former lumberjack), become literally, a chopping-block for the ageless wonder of the ring, coloured Archie Moore.

Throughout the fight, the game Canadian boy was on the receiving end, as "Old Moore" (who claims to be only forty) landed almost at will - in this world-heavyweight title-fight eliminator.

The end came in round nine, the referee stopping the fight, and it seems that Old Moore's chief opponent was "Father Time!"
