

In the cause of better motoring, forty-nine sports cars were tested, almost to breaking-point, sometimes beyond, in the Twenty-four hour Le Mans Endurance Race.

~~And for age drivers, this toughest of all tests, with its emphasis on~~
~~strenuous endurance, lasted 24 hours of the day.~~

Among the Jaguar teams, Car No. 4 was piloted by a Scot, Ron Flockhart... and No. 1 by Mike Hawthorn - last year's winner.

Non-stop driving - by day...and night..in dry conditions and frequent rain squalls..

~~DAYLIGHT AGAIN~~ and the Jaguar of Flockhart and Sanderson is lying second to an Aston Martin - and wrecked cars are lying on the wayside - ~~xxx~~ For them - the race was too tough!!

Each driver handles the car for about three hours; then, during the changeover - a lightning overhaul - and away it goes - Car ~~xxxx~~ number four still in the race.

The leading Aston Martin, (driven by Stirling Moss) had developed gear trouble - and that Scottish-driven Jaguar came home the winner - having covered 2,507 miles, at an average speed of ~~107 miles per hour.~~

Thousands of motorists ~~acclaim~~ acclaim the victory, the fourth by a Jaguar ~~car~~ in six races. ~~The supreme test of reliability.~~ A great car...

a great Scottish team, Ron Flockhart and ~~Niall Sanderson~~ Sanderson...
