

Guided missiles

America increases her striking-range with the effective use of two modern weapons. The long-range submarine and a surface-to-surface guided missile that can be launched from her decks.

This was just a trial run: but the guided missile can carry an atomic warhead to any chosen target. A knock-out punch from Davy Jones' locker.

Russo-Polish Pact

Moscow: The recent bloodless revolution in Poland has its sequel in the Kremlin. A delegation of Polish Communists, headed by Mr Gomulka, discuss their country's future with Soviet Leaders - among them Mr Bulganin and Mr Krushchev.

A Joint Statement was signed - ~~which recognises~~ ^{RECOGNISING} Polish Rights, though with the continuance of Soviet Military bases, in Poland.

Avalanche

Canada: A winter playground in the Rockies. It's the Banff National Park - where skiers pursue their fascinating sport - though with the ever-present danger of...**AVALANCHE!**

Thousands of tons of falling snow. But here, ski-wardens, (who make constant patrols) give a practice demonstration - searching for a voluntary victim.

Once discovered, there's immediate first-aid - ~~and a sleigh ride~~ ^{AND A SLEIGH RIDE}
~~to hospital~~ ^{TO HOSPITAL!}
