Hungarian Refugees

Austria: At a refugee camp at Mödling, near Vienna, a Hungarian repatriation committee received a stormy reception when it tried to persuade Hungarian Nationals to return home. (2)

The refugees, (angered by the Communist propaganda), burned some of the hand-written notices - while the Repatriation Committee had to leave under police protection.

Australia: Steam-catapult trials in Sydney Harbour, as Navy technicians use a steel tank to perfect the aircraft launching ramp - aboard the carrier "Melbourne".

~~the steam power employed by the catapult is equal to that required to drive the ship's engines.~~

~~and here is the test in slow-motion, as it ensures a safe take-off for~~  
Australia's powerful Navy jet-fighters. <sup>AND</sup>
