Texas Floods

Sound.

Leaving behind a trail of death and destruction, that terrifying storm is but one of the many tornadoes that have ravaged Texas and other American States.

This year, over four hundred "twisters" ~~as they are called~~ have unleashed their fury on towns and villages.

This recent Texas outburst was followed by torrential rain. These graphic pictures of the resulting floods were taken with an on-the-spot ^{AMATEUR} miniature camera. ~~AND ACCOUNT FOR LOSS OF QUALITY.~~

~~As the storm, the devastation.~~

Fortunately, the deathroll is not high; but thousands are homeless and the damage ^{is} almost beyond calculation.
