Church Foundation Stone

Kent: A service for the laying of the foundation stone of the new St. Mark's Church, Biggin Hill, was the climax of two years of devoted toil by the Vicar, the Rev. Vivian Symons, and his helpers. They have moved a bombed Camberwell Church brick by brick to this new site. The opening is scheduled for next Autumn.

Giraffe

Germany: This circus giraffe is suffering from a pain in the neck. And naturally, it just one long ache. The X-ray charts reveal that Gerdi has that fashionable complaint, a slipped disc. The circus folk are anxious. the gifaffe faces a long ~~stretch~~ stretch in an elastic bandage. But Gerdi doesn't seem to mind. She's right up to her neck, in fashion.

In fact, it goes so fast that it has already won five Donkey Derbies; and his owner, Farmer Murray of Fermanagh has refused £500 for him... The eight year old champion is ~~undefeated and~~ originally cost six pounds, ~~what's an Irishman's bargain!~~
