Swedish Fire

Sweden: A mystery blaze in Stockholm dockyard made a tough task for the City's firemen - striving to get it under control.

The fierce omtbreak which gutted the Royal Swedish Navy's Equipment Stores caused great financial loss

Parachute Doctors

AMerica: This may seem a strange way for a doctor to make his remnds.

But these medical teams of the U.S. Air Force are competing in a

Championship Rescue contest, in Florida.

Besides undergoing specialist medical training, the candidates have all passed out as parachutists - so they know just how to land without becoming a casualty themselves. An emergency landing that may save lifes...

Fur fashions

New York: A nip in the air often means a pinched look in the bank-balance. Yes, it's fur time - combining snug comfort with the lines of high fashion.

For casual sports wear, the fur is otter. The collar and cuffs are mink.

Here's a winter warmer, with a fan-collar of chinchilla. Now what do you want for Christmas?
