**ROOSEVELT ON "THE FUTURE".**

**At the White House, Washington, the President of the United States talks with confidence about Allied intentions and hopes.**

**SPEECH.**

**This year I can say that, last year I could not do more than express a hope. The Russian armies will continue its stern offensive on Germany's Eastern front and the Allied armies in Africa and Italy will bring relentless pressure on Germany from the South and now the encirclement will be complete as great American and British Forces attack from the other points of the compass.**

**The United Nations have no intention to enslave the German people. We wish them to have a normal chance to develop... to develop in peace as useful and respectable members of the European family. But we must certainly emphasize that word respectable for we intend to rid them once and for all of Nazi-ism and repression, Militarism and the fantastic and disastrous nation that constitutes the master race.**

**The doctrine that the strong shall dominate the weak is the doctrine of our enemies and we reject it.**

**God bless us all -God keep us strong in the faith that we fight for a better day for human kind here and everywhere.**
