## AUSTRALIAN SIXTH DIVISION.

The Sixth Australian Division, with a battle record that covers Bardia, Tobruk, Benghazi, Greece, Crete and Kokoda Trail, Buna, Gona and Salamana, The Division is under review by the Commander in Chief General Sir Thomas Blamey. These are pictures to bear in mind when reading of the revolting atrocities which the Japanese are perpetrating on men they have taken prisoner. The Fighting 6th has known what it is to suffer. It stopped the Jap drive ~~may~~ only 30 miles from Port Moresby... and fought its way over the terrible Kokoda Trail in New Guinea. Rested after the Strenuous New Guinea Campaign, the Diggers stride out, every inch the soldiers they are. It is the 6th which the Japs will have to face again. Australians have an answer in the Battlefield for Japanese who bayonet their prisoners tied in bundles.
