HOLLAND TO LONDON DASH FOR
V.C.

Canada's first V.C. in the Western European Theatre is Major David Vivian Currie, of the 29th Canadian Armoured Reconnaissance Regiment. After a hurried air-dash back from the battle-front, Major Currie, still wearing his overalls, arrived at Buckingham Palace to receive his award for courage and devotion to duty in a battle near the Falaise pocket that cut the German escape route....Congratulations Major Currie....
