

THE ALEXANDERS AT HOME

Field Marshal and Lady Alexander with their children look over a map of Canada for the place where their new home will be when the Field Marshal takes up his appointment there as Governor General. For Brian, age 6, his thirteen year old sister Rose, and ten year old Shane, a bright new future is just around the corner; and are they enjoying the prospect.

Field Marshal Alexander's new appointment has been welcomed enthusiastically in both the United Kingdom and Canada. We wish him God speed in his new peacetime appointment.
