

Syracuse, New York

Also in need of a rest is Mr. Walker of Syracuse, New York. A 40 year old builder he simply can't believe that he has achieved nationwide fame. Sharing the limelight is his family, sons John, Michael and young James (and the three who make it up to six children) triplets Peter, Patricia and Paul. But at the hospital, Mrs. Walker has her second set of triplets, two girls and a boy. Statistics says it's a 90 million to one chance. But doctors at the Syracuse hospital say it's a world's record.
