MIDGET CARS SET NEW RECORD

Lieutenant Colonel Goldie Gardner - famed London racing motorist - looks on as his all-British, two litre car is tuned up for his attempt to lower the short distance world record, held by America. On the Jabbeke-Aelre road near Ostend, Gardner is pushed off to reach a record-breaking 173-miles-an-hour over the flying mile.

Breaking three world records all at once, Goldie Gardner brings fresh honours to Britain and British-made cars.
