A DATE WITH THE STARS

Film stars and film makers take a night out at London's Savoy. Occasion for the get-together is a gala reception for Hollywood's contingent of glamour ever here for the Royal Command Film Performance. Here is Alan Ladd taking time off from being a tough guy.

For the new faces, there are lots of questions. Hullo, Virginia Mayo!

Meet glamorous Jean Godfield - in a willpower black dress. With her is Billy de Wolf.

Among the British Party, is "Winslow Boy" Robert Donat. From America comes newcomer Patricia Neal. Also present is Stephen Murray. And here is Stewart Granger, sporting a new moustache. Like all the other guests, Jean "Ophelia" Simons also has something to say about future plans.

A party not even Hollywood could have bettered. In the words of Sid Field - "What a Performance!"
