

CARS RALLY AT MONTE CARLO

The Riviera puts on its sunniest weather for the 49th Monte Carlo Rally. Britain is well represented - with 47 drivers and nearly 200 cars out of the 600-odd entrants. Cars from America and Italy are among the finalists in the classic long-distance trial, and here comes the winning Hotchkiss round a fast turn on the mountain run, notorious for its steep and tortuous bends.

Exiled King Michael of Rumania watches a Standard Vanguard come up to the finishing line. After three different placings Britain gains a third, fourth, fifth and sixth. Prince Pierre of Monaco presents the Cup to French winners Brevox and Leurgas.
