

MRS. ROOSEVELT VISITS KING OF SWEDEN

To beautiful Drottningholm, summer residence of the King of Sweden comes a visitor welcome in any of the free lands, Mrs. Roosevelt. Chief U.S. representative on the United Nations Human Rights Commission, Mrs. Roosevelt comes today in her private capacity, to visit one of the most popular of reigning monarchs. Received by the Master of the Household, Mrs. Roosevelt is conducted to the presence of King Gustaf, who is just 92. To those who knew him when he used to take on the tennis champions on the Riviera, these pictures of 'Mr. G,' as he used to call himself, will recall many happy days ... and that wasn't so very long ago, either.

First lady of America during the difficult years of war, Mrs. Roosevelt still works for humanity in these difficult years of peace.
