

GOODWOOD

B.R.M. CAR MAKES GOOD

Warning up for the Graphis Goodwood Trophy the B.R.M. has most to fear from Prince Bira and his Maseratti. Since the fiasco at Silverstone, the B.R.M. (in which Reg Parnell today replaces Raymond Seamer, since killed) has been under a cloud, and on her all eyes focus as the flag drops for the start.

From the start the B.R.M. jumps into the lead with Bira second. Parnell corners carefully and Bira closes up but the crowd gasps as terrific acceleration widens the gap again in the straight.

The B.R.M. is still out front. Second is Bira pushing his Maseratti with all his skill, and the rest nowhere. They're up against something good and it's a triumph for Raymond Mays and her British builders as the B.R.M. wins.
