FAROUK GIVES CAMERAMEN A CHANCE

On the little Italian Island of Corsica King Farouk of Egypt runs into a friendly ambush. Honeymooning with Queen Harriman the camera-shy King allows himself to be photographed.

Not only by us. The last man who tried to take this picture met the King's bodyguard. Best to keep at long range. But all goes most amicably and the Royal couple pose peacefully.

Got her.

The King's aversion to cameras overcomes, he and his Queen just smile the smile of all couples on honeymoon.
