

**"GOTHIC" MAKES FOR AUSTRALIA**

For Princess Elizabeth's visit to Australia, the "Gothic" takes onboard the royal barge which carried the King of Norway up the Thames and a smaller staff barge.

The royal ante-room. The liner was converted at Birkenhead; plans made for the King and Queen being slightly modified. Naval and Royal Marine personnel will be carried for special duties, but the Merchant Navy will man the ship. Mr. Murphy will be personal steward to the Duke of Edinburgh.

This is Princess Elizabeth's day cabin. Their Royal Highnesses will board "Gothic" at Mombassa, East Africa.
