

GEOFF DUKE WINS AGAIN

At San Remo Geoff Duke starts from the back line - and they're off for the San Remo Trophy. The day before he'd been racing and winning at Silverstone. Valducci leads the field as they roar away on the 55-lap 500 c.c. race.

With only three laps gone, Geoff takes the lead and it's a pound to a pinch of spaghetti they'll never catch him!

Flat out for the last lap, but they can't overtake Duke.

Thanks, Geoff! Another grand victory for Britain!
