

CHELSEA FLOWER SHOW

Queen Elizabeth the Queen Mother is received by Lord Aberconway as she arrives to visit the Royal Horticultural Society Show. The Duke and Duchess of Gloucester are already there. The Chelsea Show is traditionally royal. Nearby is the Duchess of Kent.

Now the Queen arrives. Her Majesty's hat and dress were part of her wardrobe for the visit to Australia.

The heat wave played havoc with some of the blooms in the marquees before the show opened but all was in perfect order for the royal tour.

The Marquesa Casa Valdes came from Spain to design this beautiful Spanish garden ... This is the Garden of Love.

As a people we are famed for our gardens. In them we learned our great patience and planned much of our greatness.
