

CARDINAL ARCHBISHOP MICHAEL VON FAULHABER

When the Corpus Christi Procession was proceeding through the streets of Munich Cardinal Faulhaber quietly passed away. The 83 year-old Archbishop of Munich, Grandseigneur of German Catholicism, was one of the most venerable and popular representatives of the Church. For 60 years a priest - 40 years a bishop - 35 on archbishop - 30 years a cardinal - the son of a baker - will be remembered as a potential force in Bavaria's spiritual and political ~~XXX~~ life.

150,000 Catholics from all parts of Bavaria paid homage to the Cardinal lying in state in the Munich Theatiner Church.
