

STEWARDS CUP.

Glorius Goodwood and it's Stewards' Cup Day, one of the trickiest sprint handicaps in the calendar....Eighteen runners and they're all in it with a chance. Gordon is on well-fancied DEUCE. The Duke and Duchess of Norfolk have CAERLAVEROCK running. He ran in the Derby. And here's Barlow and STEPHEN PAUL who could show a clean pair of heels to any of them in his day. From Paddock to Trundle Hill they're all looking for the answer, and here's somebody who doesn't care which it is so long as it's the wrong one! You're really sticking your chin out in a race like this!....Won't be long now.. They've gone to the post.

They're off.

Vatellus is in the lead and it looks as though he's going to try to make it a pillar-to-post job. The northern-trained four-year old is a brilliant five-furlong runner and he's drawing right away from the field.....but there's an extra furlong this time!

New Smirke's beginning his run on SMOKEY EYES - just as he did on TULYAR in the big race, at just the right moment.

Smokey Eyes is coming away beautifully and at the post it's Smokey Eyes the winner of a fine race by half a length, and a nice fat prize for David Robinson of GRANTCHESTER...Ought to be plenty of cigar-Smokey Eyes there now!
