

Tokyo

Tokyo citizens, who are pretty proud of their city, objected when a village of five hundred rag-pickers sprang up in the centre of the town. They became such a nuisance that the police were called into action. There's a lot of argument, but the tumble-down town tumbles.

The squatters had previously ignored warnings to leave their shanty town and some of them are still reluctant to go. But, finally, Tokyo gets rid of Rag-Pickers Village.
