

BRTAIN WINS "SCRAMBLE"

Crack motor-cyclists from Sweden march onto the track at Brands Hatch in Kent, followed by the Danish team, before the start of the International Moto-Cross. Lord Brabazon greets the Belgians who won the team trophy last year. Holland and Great Britain have some good riders this time, so it promises to be quite a tussle - and there they go on a 20-mile course that's got plenty of bends and bumps.

There's not a lot between them at this stage, but up in front is Carlstrom of Sweden, followed by Ward of Great Britain, with another Britisher, Nicholson, close behind.

Stonebridge of Great Britain is driving hard with Kingels and his Belgian team-mates hot on his tail. But Stonebridge is going to do it and he flashes over the line to win. To Britain goes the International trophy for this year.
