BHM's SCOOP POOL

Three BHM's are entered for the Daily Graphic Goodwood trophy and Raymond Mays, "father" of the cars, chats with Gonzalez, one of the drivers, before the race. Ken Wharton is another of the BHM team, and Reg Parnell completes the trio as they come up to the start - - and there they go on the 3/4 mile course.

To the crowd's delight, the BHM's are in the lead right away, with Gonzalez already setting a good pace out in front. Reg Parnell is well placed, and Ken Wharton, number seven, is close behind.

New Whitehead in an ERA challenges, but Raymond Mays sees the BHM's making good in this, their last but one race before they're sold. The cars haven't had much success in the three years they've been racing, but Gonzalez is coming in to win, just behind an ERA that's still being lapped --- Parnell and Wharton were second and third to Gonzalez, to bring victory at last to the BHMs.
