

NEWMARKET - CAMBRIDGESHIRE

At Newmarket, where the Cambridgeshire Stakes is to be run, the little men with the big job ahead of them are taking their seats.

After "Garrison Hack," a three-year-old, comes "Sunny Bree," who's a year older. But it's "Time Gentlemen Please" if you want a bet as the field's already at the start. With Sir Alfred Munnings and his wife is the pake who picks the winners. If you'll believe this young dog's tail, he tips "Richer" for today. Well, with forty-two to choose from, it's as good a bet as any - but they're off, with a mile-and-a-furlong to go. You can't tell ttoether from which as they spread out across the course.

"Brunetto," with James Thomson in the saddle, is in the lead. But they've split into two bunches, and over on the other side of the track there's another group who are all going well. But "Brunetto's" still out in front as they head into the Bushes.

Ken Gethin on "Richer" challenges and takes the lead. As they head up the hill towards the finish, it's still "Richer" in the right-hand bunch with "Sunny Bree" just behind him. Over on the left "Garrison Hack" is fighting hard. But at the post it's "Richer" who wins, two lengths in front of "Sunny Bree," with "Garrison Hack" in third place.

A great horse and a great jockey make "Richer's" owner, Mr. Graville Baylis, richer today by more than three thousand four hundred pounds.
