STOCK USED..... Hythe Kent EMULSION NUMBER..... Plus X PROB. No..... approx sound 360

VERY IMPORTANT! Write Plainly—Spell Names Correctly—Use Typewriter if Possible

SCENE NUMBER

COMPLETE DESCRIPTION OF SCENES

The assignment sheet stated 20 different types of guns, the powers that be, down at the school could only produce two, in addition to this two, I shot a little on, what is known as the Askpan portable flame thrower.... & grenade thrower.

The guns were shot in the following order, both sound & silent.

(2) The Patchet Machine Carbine
 (1) The Rocket Launcher,
 (4) The Askpan portable flame thrower.
 (1) The anti tank rifle grenade, from ordinary rifle.

Numbers in brackets are the order of shooting.

The very powerful anti tank gun spoken about in the Press, is at Nertheravon, Salisbury district.

The grenade, and the rocket neither contain explosive, in other words, just practise weapons.

Attached is an official hand out, they are not inclined to give any technical data.

A shot of the rocket launcher, being held in one hand, was to stress it's lightness.

Note copy of handout herewith.....
 Telephone No of the school Hythe 67431

WHICH OTHER SOUND NEWS REELS COVERED STORY.....

.. .. SILENT

Exclusive.
